XNbood-60xx=265-310, in

Trade Mark:
Rating:
Protection against Electric Shock:
Additional information on the product:
Sufficient information for identification:
Test Standard:
As shown in the report No.:

Refer to test report: Class A
Application of test: None
None to be in conformity
EN 61730-1
EN 61730-2
SHES19040144401/02

This Verification is based on the information provided by the manufacturer, and the manufacturer is responsible for the fulfillment of the CE marking requirements.

Compliance has been granted to the applicant based on the provisions of the relevant standards. The CE marking as shown below is an EC Declaration of conformity that marking presumes in accordance with the provisions of the relevant standards.
